## About

16 years FDA experience, most recently as Director of the Division of Clinical Policy in CDER/OND's Office of New Drug Policy (ONDP). Advised ONDP Office Director, OND leadership, and OND clinical review divisions on complex clinical policy matters pertaining to the development and regulation of drugs and CDER-regulated biologics across the life-cycle. Areas of focus include the demonstration of substantial evidence of effectiveness, confirmatory evidence, particularly in the setting of rare disease development programs, and innovation in

drug development.

In addition to policy expertise, professional experience also includes 4 years serving as the Deputy Director of Safety in OND's Division of Metabolism and Endocrinology Products, managing postmarketing safety issues for a complex portfolio of products during a time of rapid development in the therapeutic area. Served as a signatory for safety-related regulatory actions and directly engaged with drug companies on safety-related matters. FDA experience also includes 4 years as a clinical reviewer in the Division of Pulmonary, Allergy, and Rheumatology Products reviewing preINDs, INDs, and NDAs, providing advice to drug companies during milestone meetings, and representing the agency in Advisory Committee Meetings.
